

FORUM TRAIN EUROPE
PLANNING TRAINS TO CONNECT EUROPE

Forum Train Europe, the European platform for Railway Undertakings for Capacity Management and Timetabling, launches a call for a

Senior Project Manager (60-100%)

Are you passionate about railways and eager to work on international, multi-stakeholder projects?

Do you have expertise in capacity management and timetabling?

If so, join our dynamic team and make a difference in the world of rail transport!

ABOUT FORUM TRAIN EUROPE

At first glance, we are simply the organisers of the timetable conferences. But we do much more: Forum Train Europe is the European platform for Railway Undertakings and service companies for Capacity Management and Timetabling. FTE's mission is to serve as the think tank and network service provider in these areas. The association promotes the European-wide standardisation of processes and tools, develops the future management of infrastructure capacity on the whole continent and by this helps to increase the competitiveness of rail. At present, the association has around 90 members in 26 European countries, doing business in both passenger and freight markets. Learn more at www.forumtraineurope.eu.

THIS IS YOUR JOB

- Lead and support international projects and working groups in the area of capacity management / timetabling.
- Establish a target group-oriented stakeholder management.

- Support the members of FTE in managing the pan-European programme TTR, ([Forum Train Europe – TTR](#)) together with partner associations, currently one of the most important railway projects in Europe, which will change the planning and allocation of infrastructure capacity.
- Examine and realise project-related funding opportunities through the European Union.

YOUR PROFILE

- You have a passion for European railways and are highly motivated to make a difference.
- You are a proactive personality with high quality standards.
- Your English skills are very good (B2+). It is a plus if you speak another European language.
- You have a general knowledge of rail infrastructure capacity management, from a Railway Undertaking or Infrastructure Manager perspective.
- You have experience in negotiations with different stakeholders and in project management, preferably in an intercultural environment.

WHAT WE OFFER

- An open, collaborative, passionate European Team to work with.
- Access to a wide network of experienced rail stakeholders
- Competitive salary and travel benefits
- Inspiring offices in Bern with the possibility to work from home / remote to a reasonable extent
- Flexible organisation of working hours
- Business trips to various parts of Europe
- SBB contract or secondment from Railway Undertaking / Infrastructure Manager
